**THE SQUIRES GROUP, INC. RANKED ON FOURTH ANNUAL
INC. 5000 LIST FOR THIRD CONSECUTIVE YEAR**

Annapolis, MD, November 22, 2010— *Inc.* magazine has ranked The Squires Group, Inc. (TSGi) No. 2563 on its fourth annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression," said Inc. President Bob LaPointe. "The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs."

With a three-year sales growth of 92%, it was clear that TSGi would have no trouble being ranked on the Inc. 5000 as well as the Top Companies in the Baltimore Metro Area list for a third consecutive year.

"This company was built upon a strong foundation of honesty, trust and professionalism," says Nancy Squires, Founder and CEO of The Squires Group, Inc. "From there we find the best talent in the industry, pair them with one of our partnering clients, and then let them do what they do best. But without our foundation and the family-like atmosphere we create for our clients and consultants, we'd be just another staffing company."

Always committed to the success and complete understanding of their clients programs, The Squires Group is not only 100% "referenceable" but, proudly shares that over 90% of their new business last year came from repeat customers. This extraordinary loyalty from their customers has been made possible because TSGi holds true to the core values as defined by Ms. Squires.

Forty-eight percent of TSGi's new consultant starts last year came from their well-known Referral Program – refer a candidate who gets placed in a billable or revenue producing position, and receive \$1,500. Seeing that close to half of their business stems from referrals, it's undeniable that TSGi has built the trust and reputation with the IT talent in the Mid-Atlantic region.

Eric Galasso, President of TSGi, added on, "The ability to be straight-forward and focus on a select group of customers and consultants has allowed us to bring together the region's best talent and most exciting projects. The result has been the development of lasting client and consultant relationships—and it's because of those relationships that this company continues to succeed year after year."
